Comfortable Windproof Anti-fog Motocross Goggles

As the professional manufacture, we would like to provide you high quality Comfortable Windproof Anti-fog Motocross Goggles. And we will offer you the best after-sale service and timely delivery.

Comfortable Windproof Anti-fog Motocross Goggles

EXCELLENT DESIGN:

The wide frame design offers a broad vision.

SAFE TO WEAR:

The frame is made with bendable TPU material. This makes the goggles difficult to be oppressed and cause damage which secure more safety while driving.

HIGH-QUALITY LENS:

The high impact resistant PC lens can effectively protect your eyes from wind, dust, dirt, rain, snow, sunlight and UV rays.

COMFORTABLE TO WEAR:

Soft padded breathable foam around the frame makes the motorcycle goggles more comfortable, and helpful to ventilation and thermal dissipation, keep your eyes comfortable and anti-fog.

OVERSIZED OTG (ABOVE THE GLASSES) DESIGN:

With the OTG (above the glasses) design, this goggles allow you to wear prescription glasses underneath.

UNIVERSAL FIT:

With the non-slip and high elastic wide adjustable strap, the goggles can easily accommodate different helmets and head size.

MULTIPLE APPLICATIONS:
